

Stellenbosch University MOU

Hessequa Municipality and [Stellenbosch University](#) signed a Memorandum of Understanding (MOU). The purpose of the MOU is to establish a cooperative relationship, with the objectives to appreciate public value and to facilitate and encourage economic development through innovation projects.

Hessequa Municipality in collaboration with Stellenbosch Good Governance Forum and [Stellenbosch University](#) established a Hessequa Innovation Helix (HIH) in March 2015.

Hessequa Innovation Helix (HIH) creates a space for innovative thinkers where ideas, plans and programs can be transformed that is sustainable and attainable. Click on [Press Releases](#) for more information.

Prof Marc Vermeulen from TIAS School for Business and Society sat down with Prof Erwin Schwella from the School of Public Leadership at [Stellenbosch University](#) to discuss the topic of public value management in South Africa.
