

Hessequa Municipality

**MUNICIPAL SUPPLY CHAIN MANAGEMENT
INVITATION TO SUBMIT CLOSED QUOTATION
CONSTRUCTION OF NEW FIREBREAK AND MAINTENANCE OF EXISTING
FIREBREAK**

RQ Nr: 56514

08 September 2017

Dear Sir/Madam

Please provide a written quotation for the supply of goods and / or services as detailed in the list attached.

The quotation must be submitted, on the official letterhead of your business, by the one of the following means for the attention of Ms Carisha Prins

- Email carisha@hessequa.gov.za
- Per Hand at the Hessequa Municipality SCM offices, Post Office Building, 19 Main Road, Riversdale, 6670

Quotations must reach the Municipality by no later than 12:00 on 15 September 2017

The following conditions will apply to all quotations:

- Prices quoted must be firm, inclusive of VAT and where applicable for delivery to the address indicated below. The total amount of the quotation must also be clearly indicated;
- Please refrain from quoting on goods that are out of stock or not usually stocked by your company, or indicate on your quotation that this is the case and what the delivery period on those items will be;
- If your quotation is accepted, goods and/or services must be supplied and delivered to the below mentioned address, accompanied by your delivery note and invoice (if possible);
- Quotations must to be valid for a period of 30 days;
- The delivery period must be indicated.
- The closed quotation is subjected to the General Conditions of Contract as contained in MFMA Circular 25 of 2005 and the conditions contained in Hessequa Municipal SCM POS section 3.2.4.

- If a quotation is submitted for the goods; services or works requested, you the supplier accepts the conditions of this quotation and that the goods; services and works will be supplied or constructed as per this quotation.
- A formal order will be issued to the successful supplier that will be a written instruction to the supplier to supply; deliver or construct as per specifications contained in this quotation.

If your quotation does not comply with above stated conditions, your quotation will not be considered.

If you have not received a response from the Municipality within thirty (30) days after the closing date of the quotation, please regard your quotation as unsuccessful.

Should you be interested in wanting to know to who the successful bidder was, you may consult our website at www.hessequa.gov.za where monthly reports on awards will be published.

Quotations will be evaluated and adjudicated in terms of the Preferential Procurement Policy Framework Act (Act 5 of 2000), The Preferential Procurement Regulations, 2017 and the Hessequa Municipality's Supply Chain Management Policy, for which 80 points will be allocated in respect of price and 20 points in respect of B-BBEE contribution.

The Municipality reserves the right to withdraw any invitation for closed quotations and/or to re-advertise or to reject any quotation or to accept a part of it. The Municipality does not bind itself to accepting the lowest quotation.

Any Prospective Service Provider must make sure that they are registered and are valid on the Database of Hessequa Municipality and/or on the Centralised Supplier Database (CSD) and that they are in possession of a Valid Tax Clearance Certificate.

Please address any technical enquiries regarding the specifications to Mr Frikkie Muller
Tel: 028 713 8000 or any Supply Chain Management related enquiries to Ms Carisha Prins at
Tel: 028 713 7974.

Important note: a valid original or certified B-BBEE certificate must be submitted with the documentation. (MBD 6.1 Preference Points Claim form need to be completed to claim points. NB- Only points claims will be awarded. The MBD 6.1 is available from the municipal website at www.hessequa.gov.za under the tab SCM INFO AND REPORTS or at the Supply Chain Management offices at Post Office Building, 19 Main Road, Riversdale.)

Specifications:

Hessequa Firebreak Construction 2017 proposed sites

All Firebreak construction to be done in a conservation orientated method. All Milkwood trees and clusters to be preserved. Permits have to be obtained in the case where pruning of Milkwood trees is deemed necessary. All chemicals to be used in the correct method, ratio's as per manufacturers recommendations. All chemical applications on stumps to be done with Eco Blue chemical application dye. All controlled burning permits and inspections will be for the contractor's arrangement. Payment for the Firebreak maintenance / construction will take place once ALL work (excluding follow up work) is completed as per following specification:

Witsand:

Caravan Park - Construct and Maintain existing Firebreak up to 5m form pre-fab wall along South facing fence line. Clear ALL material from fence. All material to be removed to refuse site

Tuna Street – Construct a Firebreak form start of tarred surface East, up to t-junction. Use telephone lines as Firebreak reference, or 4m minimum cleared area from tarred road. From Salie street, both sides of tarred road to be cleared, 4m minimum or up to fence / telephone poles. All material to be removed to refuse site.

Main Road – From overgrown road edge west, up to Tuna Street clear all material west up to telephone poles, or 4m minimum. All material to be removed to refuse site. Follow up in 3 months with pesticide surface spray.

Heidelberg:

Construct and maintain existing Firebreak between canal and cycle road, or up to 10m as per existing Firebreak (Canal behind Muir Street). Remove all dried material left in Firebreak. Trim big trees up to two meters. All material to be removed to refuse site.

Gouritsmond:

Caravan Park – Clear ALL material from Caravan Park fence form start of South boundary fence Firebreak, up to tennis court. Cut and remove ALL vegetation (Rooikrans bushes) adjacent to western washing up facilities. All material to be removed to refuse site.

Substation Plot – Clear and maintain substation plot adjacent to Caravan Park. Clear all material from fence. ALL material to be removed to refuse site.

Kabeljou Street – Clear an additional 5m Firebreak on northern side of tarred road. Clear around Milkwood trees as per conservation orientated method. ALL material to be removed to refuse site.

River Street – Clear a Firebreak from pre-fab wall, up to footpath. From start to end of cadastral boundary of the property. Clear shrubs adjacent existing Firebreak and tarred road. All material to be removed to refuse site.

Bitouville - Maintain existing Firebreak and construct additional 5m on previous cleared area around Bitouville. Remove all rocks to make tractor access possible after Firebreak construction. Remove all rubble in constructed Firebreak. Construct additional 5m x 30m Firebreak on south east corner of Bitouville. All material to be removed to refuse site.

Albertina:

Albertinia High School – Maintain existing Firebreak of 12m around high school. Trim all tall trees up to 2m. All cut material to be removed to refuse site.

Mossgas Camp – Maintain existing Firebreak behind Mossgas Camp. Remove all Port Jackson trees, treat stumps with chemicals. FOLLOW UP in six months with chemical application for re-sprouting / seedlings. Clear additional area between camp and cultivated land on Northern side. Clear additional 50m Firebreak in burnt area on western side. All cut material to be piled and burnt in burnt area. All permits and inspection for the contractor's arrangement. Remove all rubble in Firebreak and burn with cut vegetation.

Theronsville - Maintain existing Firebreak . Prune all big trees up to 2m. Chemicals to be used in treating stumps. Follow up in six months with surface application on re-sprouting stumps. All cut vegetation and rubble to be burnt.

Still Bay:

Bohnen Nature Reserve – Maintain 10m overgrown Firebreak from chained pole gate, up to reservoir at Duine Ontwikkeling. Remove ALL cut vegetation. (Bohnen A)

Panorama Crescent – Maintain 8m Firebreak. Reconstruct new Firebreak between 8m fb and kadastral boundaries. Clear corner at pumpstation/longdrop, clear strip from longdrop to open grass. Clear area from open grass to old outbuilding under Mikwood trees. (End of Firebreak) Spray area behind house with broadleaf pesticide 6 months after initial clearing. Trim big trees up to 2m. Remove all cut vegetation.

Preekstoel Caravan Park – Clear and maintain existing Firebreak on eastern boundary of caravan park. Clear between pre-fab wall and tarred road to the north. All cut material to be removed.

Moquini Beach Blok – Cut down entire block, all vegetation except protected species. Pile and heap linear stacks. Burn as per cleared sections. Tracer belt to be made around each pile to be burnt to prevent creeping of fires. Broadleaf pesticide to be sprayed 6 months after initial clearing. All inspection and permits for the contractors account.

Preekstoel Road Firebreak – Construct new 20m x approx. 900m Firebreak to North of tarred road, running parallel to the Moquini Beach Blok. All cut material to be removed.

Duine Ontwikkeling Estate – Maintain existing Firebreak on eastern and western boundary of the estate. All cut material to be removed.
