4.1 Revenue by Source (Table C4)

Exchange Revenue

Service Levies:

Electricity Service

Levies for the year-to-date stand at R51,871 million, in comparison with the budgeted SDBIP amount of R64,097 million. The deviation can be attributed to the reversal of a provisions journal for electricity sales billed in 2025/26 but accounted for in the 2024/25 financial year. No material deviations are expected at this stage.

Water Service

Levies for the year-to-date stands at R11,278 million, in comparison with the budgeted SDBIP projection of R17,221 million. The deviation is due to the reversal of a provisions journal for water sales billed in 2025/26 but accounted for in the 2024/25 financial year. No material deviations are expected at this stage.

Interest earned from Current and Non- Current Assets
Revenue for the year-to-date amounts to R1,328 million, in comparison with the budgeted SDBIP projection of R5,910 million. The deviation is due to less funds being invested in the first quarter of the financial year and due to a reduction in the Repo rate by the South African Reserve Bank to its lowest level since November 2022, which translates to lower interest earned on investments. Expenditure on the capital budget also outperformed the SDBIP projections for the year-to-date. The interest rates and the interest earned will be monitored over the following months, but no material deviation is expected at year- end at this stage.

No deviation is expected at year- end.

Fines, penalties and forfeits
Revenue for the year-to-date stands at R23,286 million, in comparison with the budgeted SDBIP projection of R9,636 million. The projected distributions will be monitored and corrected if necessary. No deviation is expected at this stage.

Sale of land and PPE:
Revenue for the year-to-date stands at R5,720 million, in comparison with the budgeted SDBIP projection of R2,500 million. The deviation is resultant from a transaction initially budgeted to be completed in 2024/2025, only realizing in the current financial year. Expenditure by Type

7.1 Cash Flow (Table C7)

Operating Activities:

The year-to-date cash from operating activities amounts to R53,616 million in comparison to the budgeted SDBIP projection of R49,485 million. This is a surplus of ± R4,131 million on the budget. The deviation is largely resultant of the payment of suppliers which is less than the budgeted SDBIP projection for August, and the Receipts for Property Rates which are more than initially anticipated. No material deviation is expected at this stage.

Capital & Investments:

The year-to-date cash from capital and investment activities amounts to (R39,148) million in comparison to the budgeted SDBIP projection of (R34,612) million. The deviation represents the actuals for Proceeds of Disposal of PPE and the spending on capital programs not being in line with projections for the year-to-date. No material deviations are expected at this stage.

Cash Flow from Financing Activities:

The year-to-date cash from financing activities amounts to R0,324 million, in comparison with the budgeted SDBIP projection of R5,516 million. The deviation is attributed to the budgeted SDBIP projections not considering the bi- annual payments of borrowings or the expected date when the new loan will be taken up. No material deviations are expected at this stage.
